# safeU

Use your wireless bracelet to activate the alarm – simply press “on”.

You can also remove the activation device from the bracelet strap, and carry it in your pocket.

If someone tries to go through or take your belongings, the 96-decible alarm will sound immediately – a volume impossible to ignore.

**safeU is perfect for:**

- the beach and public baths
- camping, and outdoor activities
- changing rooms and lockers
- luggage and travel
- office furniture and confidential files
